ALPHABETICAL LIST OF ADMINISTRATIVE UNITS BY COUNTIES

County units are listed alphabetically and are printed in bold capital letters. City units are listed alphabetically under the counties in which they are located and are printed in bold capital and lower case letters.

Under the heading "Accreditation Status," SA indicates that these schools are accredited by the Southern Association of Colleges and Schools.

Administrative units accredited by the State Board of Education in accordance with the current policies and procedures are so designated in the first line of each accredited unit's entry. The numerals I, II, and III indicate the level at which the unit is accredited.

Level I: Local administrative unit has developed an approved comprehensive educational plan.

Level II: Local administrative unit is implementing the approved comprehensive educational plan.

Level III: Local administrative unit has documented significant progress toward the attainment of the priority objectives in its comprehensive educational plan.

Schools are listed according to code numbers and alphabetically. See page 123 for further explanation of the code numbering system. An alphabetical index of all public schools with code numbers starts on page 124.

The 1978 final enrollment figures shown with each school unit include kindergartens.
